

VOXAS RIMOTAE

N.3

The science-Art of the future is Magick
We are a new breed of scientist-artists.
We have returned, clothed in flesh, as Horus
the Hawk-headed warrior Lord.
We are here to replace the "Old Order".
We are the vanguard
We shall encircle the globe with Stars!
For this is our Great Work;
The Work of the Wand
The Work of the Cup
The Work of the Sword
The Work of the Earth
And the Work of Truth to bind them.
The first shall be of Calling Forth and Sending
The second shall be of the Beast and his Bride
The third is of Will
The fourth is of Creation; Love
The fifth is our Temple.
All blooms before our coming
Join us in the Dance
Or be left
Amidst the
Ashes...

O Thou Ever-present, Eternal Silence, wherein all vanishes
and emerges clothed in Bliss. I Invoke Thee.
O Thou elusive Self of my self, Thou All, wherein all
dissolves and becomes Thy Being. I Invoke Thee.
O Thou Existence of Existences, Thou Knower of Knowledge,
wherein knowledge of all else is lost. I Invoke Thee.
O Thou Bliss Absolute, Thou One without a second, Thou in
Whom Time and Space no longer exist. I Invoke Thee.
O Thou, who when I think of Thee art God, who when I cease
to think of Thee art my Self, may I be lost in THEE!
Yet never shall I be lost, for Thou Art, who art not.

O Beloved, I come to Thee when I realize that never have
I moved through all Eternity.
O Thou, on Whom man looks through the senses, and sees
as the world.
O Thou, on Whom man looks through the mind and sees as
the world of thought.
O Thou on whom man looks as Thyself and becomes Infinite
Bliss, let there be no thought of seperateness, for
there is no other. Thou Art That.

If I call Thee a Point, Thou laughest, saying:

"I am the Infinite Circle."

If I worship the Circle, Thou laughest, saying:

"I am concealed in the Point."

Only if I claim Thee wholly, may I define Thee.

Then who cares, Aye or Nay?

If I attempt to name Thee, I lose Thee, O Thou Nameless
unto Eternity.

To Whom shall I reveal Thee, who wast never known
but to Thyself?

Surely words are vain, O Thou who art beyond the Silence.

Aum.

(extracted from Liber CLXV,
A Master of the Temple,
Being an Account of the Attainment
of Frater Unus In Omnibus,
Abridged from his Magical Record;
p. 725, Gems From The Equinox)

0. The Holy Guardian Angel or Genius of each Star (man/woman) is compelled to express itSELF in an infinite number of modes, means and ways.

1. Every such emanation may, by the 'observer' of this manifestation of 'higher SELF', be called ART. Thus it has been and will hopefully continue to be.

2. The 'definition' of ART is constantly expansive.

3. ART by QBLH = 210 or NOX, the Night of Pan, the ultimate and 'real' abode of the Genius or HGA beyond the Abyss.

4. ALL manifestations of SELF called ART are but an echo of the unperceived 'One', AUM, the initial vibration of matter/energy.

5. This 'One' is re-interpreted every Aeon with a new nuance, a new LoGoS, which by QBLH = 93.

6. Thus is Malkuth, the unfolding of this LoGoS, reflected in Kether and Kether, source of said reflective LoGoS, is earthed and manifested as ART.

7. Each successful work of ART is perceived of as a living embodiment of the Pattern as that Star has woven it; a SiGiL. This by QBLH also = 93 and is, in fact, the REVERSE of LoGoS; LGS = SGL.

8. This projection is the process of Thelema (will) which = 93 and Agape (love) which also = 93; the manifest-ION of the dance of life of the HGA/Hadit within the embrace of HER which = 210 or ART, this is NUIT.

9. Thus each and every STAR partakes and processes via ART the gestalt of each Aeon in proportionate strength to the link between the self-perceived 'he' or 'she' and his/her 'HGA' or Hadit.

10. LoGoS (93) + SiGiL (93) = 186
Thelema " + Agape " = 186

In Hebrew 186 corresponds via QBLH to; MVSP; an increase. MQVM; a place (loci?) and most importantly, QVP or QOPH, meaning an APE, the back of the head and the letter QOPH which in itself is connected with 100, the MOON Trump, the Womb as breeder of illusion, or alternately, Imagination made FLESH; the cauldron of ART.

11. The Qoph center, the back of the head, is the 'place' where the EGO may observe from, without interfering in the STAR's manifestation of ART. It is the 'observer point', the shadow 3rd Eye which is the lunar or astral gateway wherein ART-ful illusion is forged, where the waters of the Collective Unconscious may birth Gnosis.
